Restaurant & Wine Bar

Basso Cafe Restaurant & Wine Bar is a warm and welcoming place inspired by the culture of the southern and eastern Mediterranean European regions with a South American flair.

An inventive menu of vibrant Mediterranean fare with South American accents revolves around an intimate and authentic setting, an expression of Chef Renato Donzelli's cultural heritage featuring and encompassing a wide range of flavors selected from around the world. From tapas/small dishes to main courses and desserts, count on artful presentations, a knowledgeable and friendly staff, and an unpretentious atmosphere.

Once inside you're virtually transported to the old continent.

Our wine and beverages program is composed by a diverse selection of wine varieties, selected by Chef Renato Donzelli from across Europe, North and South America, also introducing this year his own signature wine. The intimate bar offers a superior selection of signature cocktails, winter/summer sangrias and craft beers, all to heighten your culinary dining experience.

All these successful components are guided by chef Renato's creativity, innovation, and steadfast belief in providing customers with a delightful locally-farmed experience that also happens to be most delectable.
